Tech Skills

- Unity 3D
- C#
- Git
- Nodejs
- MongoDB
- Python
- Websockets
- AWS
- GCP
- Android Dev
- Flutter
- Dart

Soft Skill

- Leadership
- Problem Solving
- Creativity
- Attention to Detail
- Adaptability

Education Background

- VIT University, Vellore, India
B.Tech., Information Technology
2016-2020
- Govt Higher Secondary School, Vanaramutti
Computer Science
Completed in 2016

About Me

5 years in, still excited about debugging at 3 AM. I've built games that hit the charts and features that hit deadlines. I take pride in reducing crash rates, mentoring devs, and building stuff players actually enjoy. Let's ship something great.

Professional Experience

Metasports Media Private Limited

2020 - Present

- Built and maintained real-time multiplayer systems using WebSockets.
- Led feature development across multiple teams, ensuring deadlines and quality standards.
- Improved app stability by identifying and fixing critical crashes and ANRs.
- Architected systems like Presence Tracking, In-game Messaging, and Matchmaking.
- Managed app releases and reviewed PRs to maintain clean, scalable codebases.
- Mentored junior devs and organized internal tools for performance tracking.

Highlights:

- "Star of the Month" award (2023)
- Reduced iOS crash rate by 40% within 3 months.
- Coordinated launch of major seasonal update under tight deadlines.

Achievements

- | | |
|------|--|
| 2022 | 1st Place - PM's AatmaNirbhar App Challenge (Games Category) |
| 2016 | 100% Scholarship - VIT University for academic excellence |
